WORK EXPERIENCE

FRONTEND DEVELOPER

ARRAY.AZ

2023

- Led the design and creation of Array.az, a website like Azerbaijani Udemy, as the main frontend developer.
- Utilized HTML5, CSS3, and JavaScript to create dynamic and interactive features for performance optimization.
- Designed and implemented responsive user interfaces, ensuring a seamless and engaging user experience.

OKMEDIA

2024

- Strengthened proficiency in cPanel, gaining hands-on experience in managing web hosting environments.
- Contributed to the development of an admin panel, showcasing adaptability to new technologies and fostering collaboration.
- Implemented responsive user interfaces, effectively resolved front-end bugs for optimal website functionality.
